

This architectural floor plan illustrates a three-story building with a complex, irregular footprint. The plan is divided into three main color-coded sections: a top section in light blue, a middle section in light green, and a bottom section in light purple. Each section contains multiple rooms, including living areas (Soggiorno), kitchens (Cucina), bedrooms (Camera), bathrooms (Bagno), and a terrace (Terrazzo). The plan includes numerous dimensions for walls, doors, and furniture placement, as well as area calculations for each room in square meters (mq). A central staircase (Vano Scale) provides access between floors. The building is surrounded by a paved area (Pavimentazione in Porfido Esistente) and a concrete-paved area (Pavimentazione in Battuto di Cemento). The plan also shows a small balcony (Balcone) and a terrace (Terrazzo) on the left side. The overall layout is designed to maximize space efficiency and provide a functional living environment.
